SFU Engineering Science Student Society

PRESIDENT'S LETTER

Dear potential sponsor,

On behalf of the Engineering Science Student Society at Simon Fraser University, I am excited to introduce you to our community of future engineers.

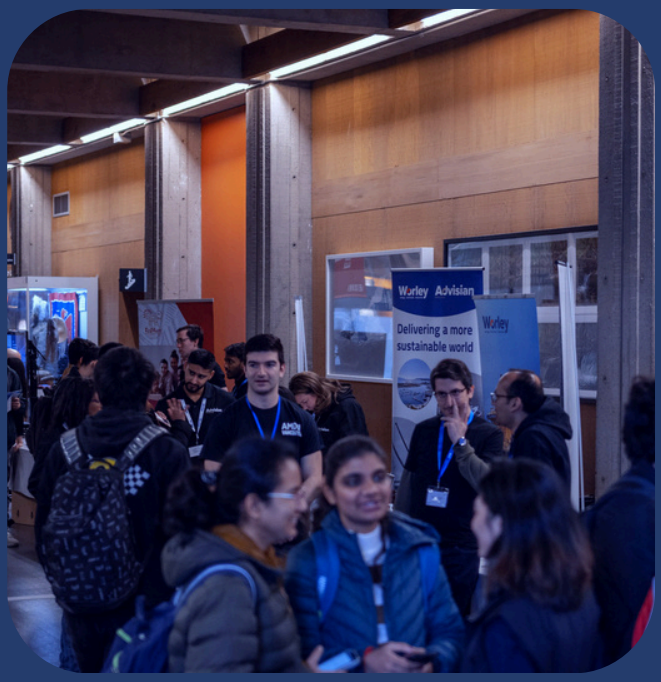
ESSS supports students through professional development, technical workshops, social events, conferences, and industry networking opportunities. These initiatives help students build practical skills, meaningful connections, and a stronger sense of community. Your sponsorship would help us continue creating valuable student experiences while giving your organization opportunities to connect with talented engineering students and build a presence within SFU's engineering community.

Thank you for considering a partnership with ESSS. We look forward to the possibility of working together.

Noah Thomson
President
Engineering Science Student Society
Simon Fraser University

ABOUT ESSS

The Engineering Science Student Society (ESSS) is a student-led organization committed to advocating for the interests of 1300+ engineering students while fostering a vibrant faculty culture.



OUR MISSION:

1

Promote student culture and uplift faculty spirit by hosting engaging events.

2

Facilitate professional connections among students and companies.

3

Provide opportunities for individuals to demonstrate their skills and abilities.

OUR PAST STATISTICS:

SEPT 14 - 18:

FROSH WEEK

ESSS's Frosh is an entire week of campus-wide festivities in September designed to welcome new students. With attendees all week, events include game nights, informational sessions, and networking opportunities.

OCTOBER 24:

WIE X ESSS HACKATHON

A COLLAB WITH SFU WOMEN IN ENGINEERING (WIE)

A 12-hour innovation challenge in October where 80+ students build creative solutions, attend workshops, and compete across multiple prize categories.

60+
TOTAL COMPETITORS

5
THEMED PRIZE TRACKS

PREVIOUS SPONSORS:

Steve's POKÉ BAR

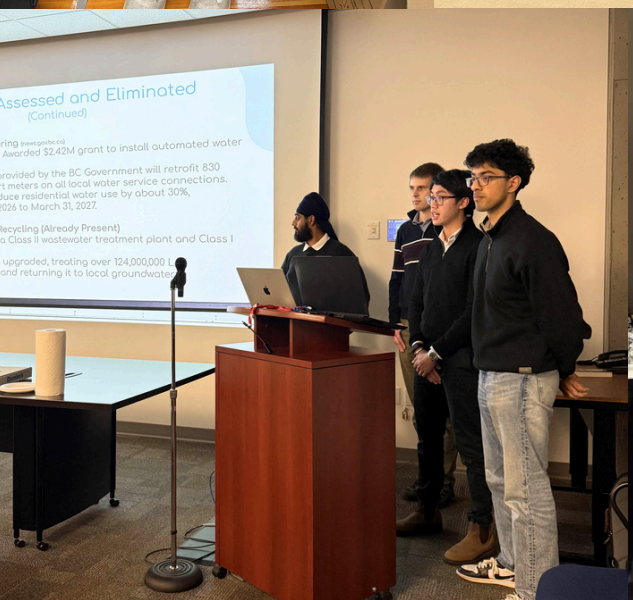
Red Bull

UPCOMING:

SFU ENGINEERING COMPETITION

The SFU Engineering Competition (SFU EC) is an annual competition in November that brings together over 250 Engineering Science, Mechatronic Systems Engineering, and Sustainable Energy Engineering students to solve real-world engineering challenges across five competition categories: Junior Design, Senior Design, Consulting, Programming, and Re-engineering.

Winners of the SFU EC progress to the Western Engineering Competition, which is hosted by WESST and is comprised of winning teams from across western Canada.



SFU ENGINEERING COMPETITION TIERS
