SFU Engineering Science
Student Society

PRESIDENT'S LETTER

Dear potential sponsor,

On behalf of the Engineering Science Student Society at Simon Fraser University, I am excited to introduce you to our community of future engineers.

ESSS supports students through professional development, technical workshops, social events, conferences, and industry networking opportunities. These initiatives help students build practical skills, meaningful connections, and a stronger sense of community. Your sponsorship would help us continue creating valuable student experiences while giving your organization opportunities to connect with talented engineering students and build a presence within SFU's engineering community.

Thank you for considering a partnership with ESSS. We look forward to the possibility of working together.

Noah Thomson

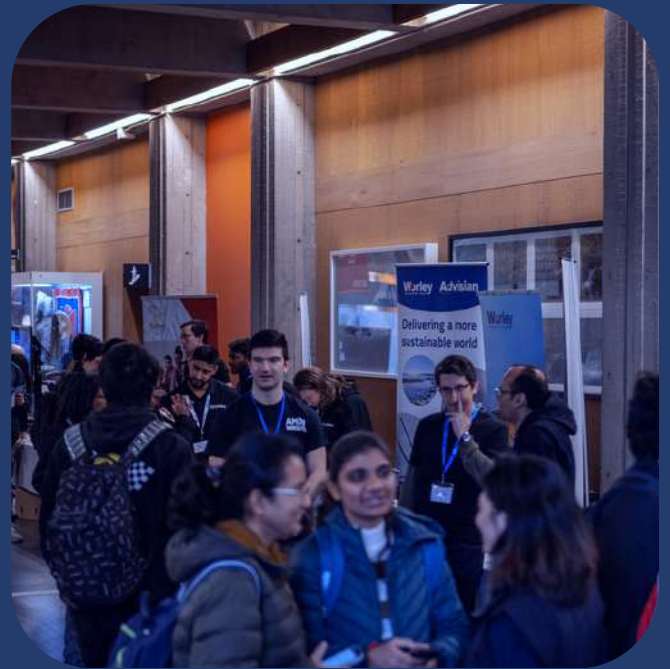

President

Engineering Science Student Society
Simon Fraser University

ABOUT ESSS

The Engineering Science Student Society (ESSS) is a student-led organization committed to advocating for the interests of 1300+ engineering students while fostering a vibrant faculty culture.

OUR MISSION:

1

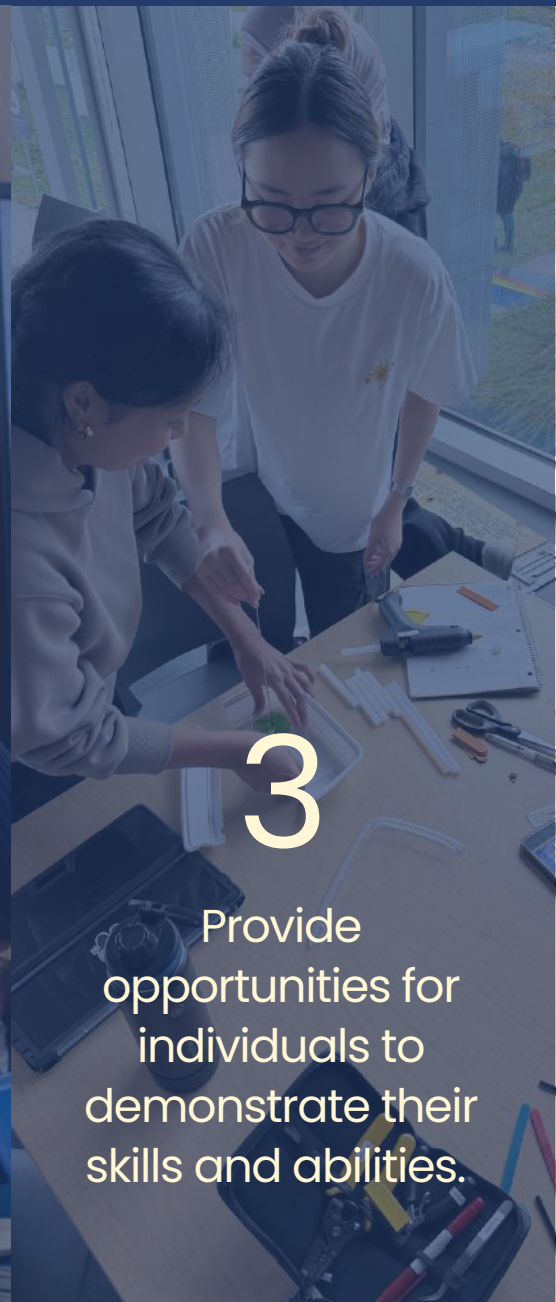

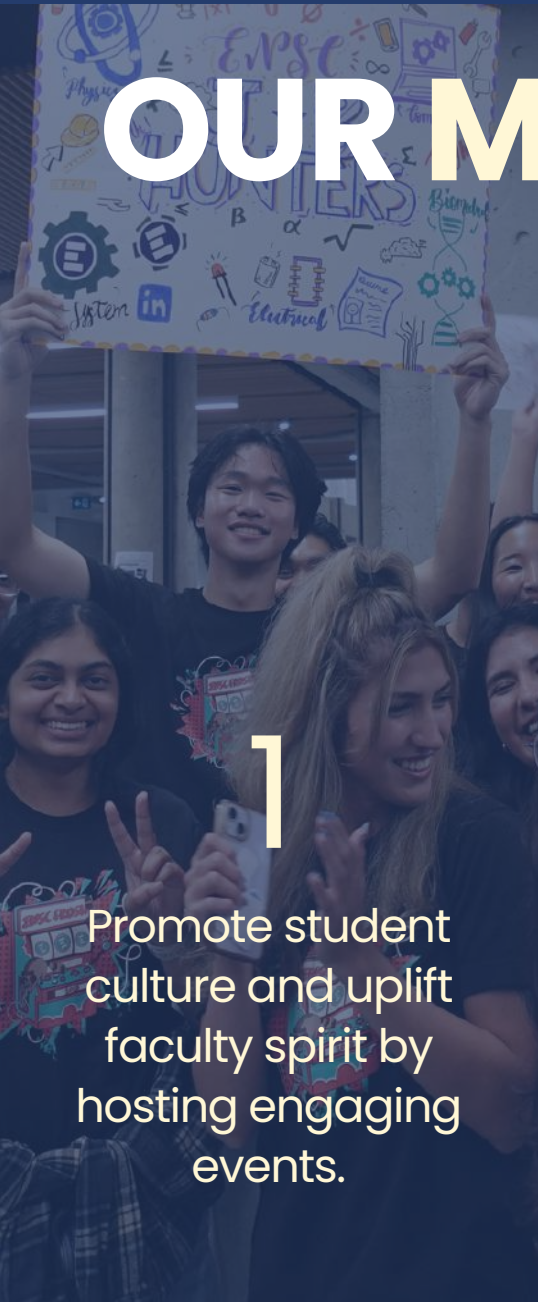

Promote student culture and uplift faculty spirit by hosting engaging events.

2

Facilitate professional connections among students and companies.

3

Provide opportunities for individuals to demonstrate their skills and abilities.

ESSS'S WELCOME EVENT:

FROSH WEEK

ESSS's Frosh is an entire week of campus-wide festivities in September designed to welcome new ENSC students. With 300+ attendees all week, events include game nights, informational sessions, and networking opportunities where students can connect with peers and learn about opportunities.

DAY
01

Freshman Kickoff

A workshop and social event where Incoming engineering undergrads learn about their upcoming year at SFU.

Trivia Tuesday

An event hosted by upper years, where freshmen can network and build friendships over engineering trivia.

DAY
02

DAY
03

Airpark Event

The newest addition to the event roster at the airpark, where students can socialize while getting active.

Midnight Madness

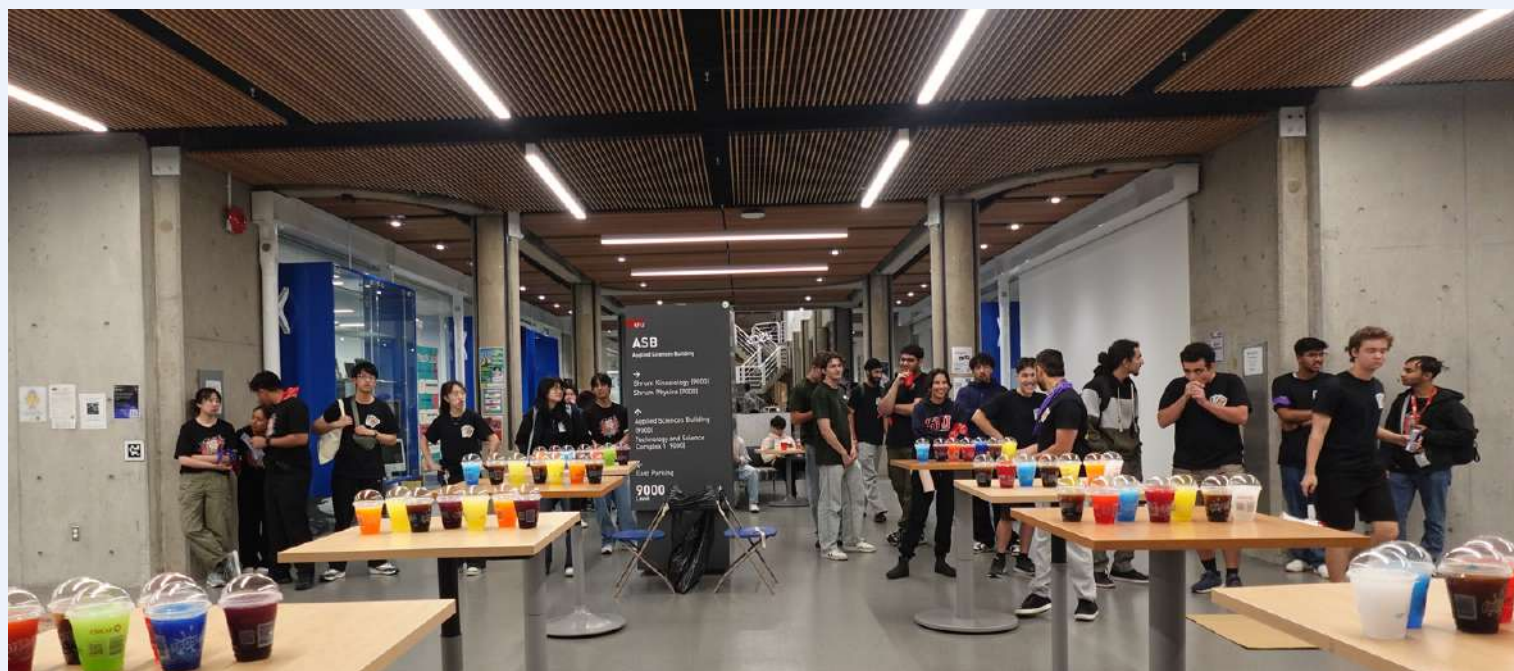

The grand finale, an all-nighter event, full of campus wide festivities and competitions! Become a part of ESSS's annual FROSH tradition!

SFU ENGINEERING COMPETITION

The SFU Engineering Competition (SFU EC) is an annual competition in November that brings together over 250 Engineering Science, Mechatronic Systems Engineering, and Sustainable Energy Engineering students to solve real-world engineering challenges across five competition categories: Junior Design, Senior Design, Consulting, Programming, and Re-engineering.

Winners of the SFU EC progress to the Western Engineering Competition, which is hosted by WESST and is comprised of winning teams from across western Canada.
